

Attention Local Businesses!

Fairview Park Recreation Department (FPRD) is seeking your business to partner with us in an innovative sponsorship and advertising platform. The attached packet will outline the specifics of what we have to offer for advertising space and community outreach in regards to athletics and special events. We have a unique avenue for your group to place its brand in the Fairview Park Community and close surrounding cities.

Our most visible assets are the Gemini Center, a 93,000 square foot recreation facility, and the multiple community outdoor athletic complexes. Several of our youth sports programs are part of collaborative leagues that are run in conjunction with other west side communities so the reach expands past the borders of Fairview Park. Our numerous community events throughout the year are another way to reach out to the local community.

It is our hope to establish a partnership with your business that will suit your marketing and community outreach goals as well as help subsidize our recreation department programs and event offerings.

We know that there will be the perfect fit between your business and the Fairview Park Recreation Department!

The City of Fairview Park Recreation Department is responsible for roughly 70 acres of parkland and athletic field space. The department also oversees recreational and sport activities for the youth, adults, and seniors of the Fairview Park community.
